Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Opens the HDI Prediction website. • Enters Life Expectancy, Schooling and GNI values. • Clicks Predict.	• System processes the input. • ML model predicts HDI. • Waits for result.	• Views HDI score. • Checks HDI category. • Uses the result for analysis.
Touchpoint <i>What part of the service do they interact with?</i>	• Home Page • Input Form • Predict Button	• Flask Backend • Machine Learning Model	• Result Page • HDI Category • Prediction Score
Customer Thought <i>What is the customer thinking?</i>	• Is my data correct? • Can I predict HDI easily?	• Will the prediction be accurate? • How long will it take?	• What does this HDI score mean? • Which category does it belong to?

Customer Feeling <i>What is the customer feeling?</i>	• Curious • Interested	• Hopeful • Waiting	• Happy if prediction is clear. • Confident in the result.
Process Ownership <i>Who is in the lead on this?</i>	• User • Frontend (HTML/CSS)	• Flask Backend • ML Prediction Model	• Result Page • User
Opportunities <i>How can we improve this stage?</i>	• Improve input validation. • Simplify the input form.	• Improve prediction speed. • Increase model accuracy.	• Provide detailed HDI interpretation. • Support prediction history in future.
